

REPEAT™ seat protector

Product code: WRSM024A
Material: 100% recycled PET (R-PET)
Colour: Black

- Each Repeat™ seat protector is made from 4 x 600ml recycled PET (R-PET) bottles
- R-PET pellets are made by chopping, washing, melting and reformulating PET bottles
- Repeat™ fabric is made from yarns extruded from the processed R-PET pellets
- Repeat™ fabric is reusable and hard-wearing, for a longer, more economical life-span
- Because Repeat™ is made from recycled material, it is recyclable (just discard with other plastics in recycling bins)
- Seat cushion cover fits snugly around and protects the whole cushion
- Non-soluble coating protects upholstery from grease, oil and fluid stains
- Snug, contoured design suits most seats, improves fit and increases life span
- Black fabric maintains a slick, professional look right throughout the life of the protectors
- Fabric colour makes an ideal, dynamic base for custom-branding
- Standard design and configuration can be modified to suit your individual company needs or specifications – call to discuss options
- Custom-branding options of up to 4-colour screen printing and heat transfer (photo quality)
- Minimum order quantity for Repeat™ seat protector is 500 for custom-branded and 100 for un-branded

cover it, protect it
